Hamlin Chamber Of Commerce Notations On Its Various Activities

HIGHWAYS

In our previous news notes you will remember that the Local Road Committee had through their committee sent to Austin to appear before the commission that they succeeded in getting the commission to designate the highway from Hamlin to Rotan and had ordered their engineers to make a survey. Mr. Harry Hines, a member of the commission, was through Hamlin a short time back and told Mr. J. J. Waggoner that the commission was going right ahead with their plans and that work should start shortly after the first of the new year.

RED CROSS DRIVE

As many know Hamlin does not have a Red Cross Chapter, so the Secretary of Chamber of Commerce at Anson, who is also the chairman, called us up and asked that we accept the supplies here at our office and be responsible for soliciting funds for the Annual drive. After some discussion we told him we would. The supplies were brought and we enlisted a few workers and succeeded in selling 94 memberships, or a total of \$894.00, has been paid in to date. The Anson chapter advised us that if we would set up an organization that we could retain half the money here for emergencies, so we sent in names for the officers, and will get to keep one-half the amount at home. We wish to express our thanks to the members of the P. T. A. who helped us in our solicitation in Hamlin.

CHRISTMAS LIGHTING

Our Main street is soon to be well lighted with various colors of light, and will remain so throughout the holidays. The Chamber of Commerce owns the equipment and the West Texas Utilities Co. will put up the wires and globes and have everything in good order by the 10th of the month.

PRESSURE COOKERS

As has been said before the Chamber of Commerce owns 5 pressure cookers, people are beginning to use them now for canning their meats. These are for the people of this area who do not own a cooker and you are urged to use them any time you have need of them.

NEW DIRECTORS

At the last regular monthly meeting of the directors the following were elected to serve out the terms of two of our directors who had moved away, namely Mr. J. D. Burk and Mr. Earl Smith. They take the places of Messrs. Campbell and Berlin.

SPECIAL FUND

When we closed our Appreciation Day drawing last February there remained in the special fund \$84.59. The ones who gave this fund voted

at that time if we did not use the plan any more this year that this fund would go into the Good Fellows fund for the needy for Xmas. At our last meeting of the directors Mr. Tom Teague was selected as chairman, and was to call in such help as he felt he needed to make proper distribution of same.

DIRECTORS BANQUET

At the last monthly meeting of the Chamber of Commerce it was voted to have our December meeting at one of the hotels, so the date decided on, Tuesday evening, Dec. 14, at the Model Hotel. All directors are urged to be present, also all past presidents of the Hamlin Chamber of Commerce are to be invited as guests of the evening. After a short business session we will have an address by one of the leading managers of Chambers of Commerce in the West Texas Chamber of Commerce territory, namely Mr. Wm. A. Wilson who is now manager of the Olney Chamber of Commerce. Mr. Wilson taught school here several years ago, later embarked into the chamber of commerce work, having been secretary of the Lamesa Chamber of Commerce several years before going to Olney.

By W. E. BENSON, Sec'y.

Rev. J. C. Allen and family have moved to the Mt. Zion Church home, eleven miles west of Hamlin. Rev. Allen was formerly pastor at the churches at Post and Grassland. As a mark of their interest in the community, they are already subscribers to the Herald.

FROM UNION GOSPEL TABERNACLE

We have no evil report to make. Our work is progressing very satisfactorily in every department. New officers installed for the ensuing year.

Wish to announce that Rev. George A. Nicholson will serve as pastor for the coming year. I think Bro. Nicholson one of the most talented preachers of this section of the country. We extend a cordial invitation to every one to come and enjoy our services.

SERVICE SCHEDULE

Bible school Sunday, 9:45 a. m.
Preaching services Saturday night, Sunday morning and night.
Mid-week prayer meeting Wednesday night.

DR. L. P. McCrary, Supt.

Mr. and Mrs. Johnnie Hines and daughter, Miss Dorothy, spent last week end in Odessa visiting Mrs. Hines' brother, Judge Stoker and family. On Sunday they, in company with the Stokers visited Carlsbad Cavern.

FIRST BANQUET BY THE F. F. A. HONORING FATHERS

For a long time, and yet not so long, people have been seeing the letters "F.F.A." and we are going to place ourselves in the guilty line, and say that hardly any of us had any idea or have any idea what that bunch of letters really mean.

Last Tuesday evening in the Methodist Church basement there was a banquet, and what will perhaps be an annual banquet of the "FUTURE FARMERS OF AMERICA" honoring their dads and a few invited friends, in Hamlin.

Those boys talk and act like they are going places. They talk like they will some day assert themselves in the world of "work" and cause their influence to be felt as citizens of a great agricultural nation.

The banquet was served by that companion class, the Home Makers, formerly called the Home Economics Class. This year the Home Makers are directed by Miss Anna Mae Hudson, and they proved they had learned how to handle a large number of men and boys—about 100, maybe. The young ladies were dressed in their uniforms of green and white.

As the guests entered, they were greeted by the music of the "Stubblefield Express Band," which caused so much rhythm that some of the farmer guests were seen to prance a bit as they sought out their place cards. And say, those place cards were done up in blue on white, and the animal life on them was a team of old fashioned horses and a boy sitting upon a wagon load of hay. That looked like farming to the dads all OK, but we wonder if the boys recognized the model of the "funny truck."

Well, now how do the boys perform. You see FFA boys work in Chapters, and have their meetings similar to lodges. They are formal in their openings, definite in their performances, and each and every step is by a set and excellent rule of action. First Tom Scarborough, of the Neinda community let all of us in on how a country boy can preside as Toastmaster. He did the job up brown. He was "at himself" all the time and his rendition of an imitation of Bob Burns made us think maybe, someday he will be heard on the NBC. Bill Norris is Vice President and it was his duty to offer the invocation Tuesday at the banquet and he did it like an old hand, free and easy. George Dean is the President and he played his part like an old congressman. Carl Anderson made the welcome address and Ted Rusesll (the farmer) responded. One of the finest sentiments of the evening was in the FFA creed which was delivered by Louis Tidwell. Durwood Locke is the secretary and Joe Knight is Treasurer. Lee Greenway is the reporter, but this week he yields to the Herald man to do the telling.

One of the things the boys had their fathers to do was to stand up and introduce themselves. Scarborough even made his own father tell who he was. It was a good training for dads as well as for the boys.

Well, this is enough this week, if Lee will agree, and later we may hear a big lot more from Hamlin's FFA. Go to it boys, it looks like you are in the right road to make men of yourselves.

Thank you Mr. Templeton, the teacher-director of the boys, we vote you a banquet a success, and we'll be listening a year later.

EXPRESSION OF THANKS

We wish to thank our many friends and neighbors for their kindness and helpful sympathy during our sad bereavement in the loss of our beloved wife and mother.

May the blessings of the Saviour abide with each of you is our prayer.

HOTEL REGISTER SHOWS MANY PLEASED VISITORS

Last Sunday from 3 P. M. to 9:00 P. M. the Harden Hotel, just recently finished was host to those who wished to inspect the newest of new small hotels in Texas.

Mrs. D. D. Harden was assisted by her daughters, Mrs. Ineth Williams and Mrs. Turner Bynum, and with the many beautiful flowers from friends the color blending was everything that one could wish for.

It would make a long story to give in detail every modern feature of the new hotel addition, but at this time we do want to say that somebody has displayed some real art in the furnishings, the interior decorations, the colorings of the walls, the floors and the various nooks and passages of what we declare to be one of the most cozy and home-like small hotels in Texas. Mrs. Harden has just cause to feel proud of this piece of property. It is a real institution for Hamlin, and the Herald can feel sure in saying that Hamlin people really do feel extra pride in having this valuable modern structure in our city.

The expressions of approval heard universally last Sunday as the host of friends came and went, bears out our statement.

Mrs. Harden has taken every precaution to safeguard the comforts of her customers. The building is practically fire proof, and the arrangements of the openings guarantee plenty of light and natural air. A large fresh water tank, controlled by automatic pressure supplies every room. The heating is ample to make the entire building summer-like even in the coldest weather.

Again we say, "congratulations" Mrs. Harden.

METHODIST CHURCH

Sunday school at 9:45. A class for everyone and a good teacher for every class.

Preaching at eleven. Subject, "The Great Refusal."

The Leagues meet at 6:30.

Preaching at 7:15. Subject, "The Woman of the Shattered Romances." This is a special service for the women. Of course we want everybody to come. But it is to be Ladies' night. So we call upon the husbands, fathers and sons to come and bring the women.

Last Sunday was Orphanage day. We lacked some \$16 reaching our quota. Many of you were not present. Will you please send in your Christmas offering for the Orphanage. Those who were present made generous offerings. We feel sure that each one wants to help in this most needy and worthy cause. So come next Sunday and bring your Orphanage offering.

I am asking that each family, or some member in the family, visit someone each week and urge them to attend our services. Then when they attend let each one see to it that they are made to feel at home. Let each of us see to it that our church is a friendly church. The church of the warm heart. You are always welcome at our services.

Sincerely,
H. W. HANKS, Pastor

Texas Fire Insurance Commission Warns Holiday Fire Hazards

P. T. A.

The Elementary Parent-Teacher Association met in regular session Thursday afternoon at 3:45, December 2.

Mrs. Clements had arranged a very interesting program. Miss Nadine Morgan presented her rhythm band for the first time in their uniforms, and they were a very attractive group, and performed like veterans. Miss Pat Albritton again presented her pupils in a very effectively arranged group of choral readings which anticipated the coming holiday season. Miss Harrell concluded the program with two selections, "Holy Night, Silent Night," and "Little Town of Bethlehem," using her elementary Glee Club. Miss Harrell has produced remarkable results with the children's voices in these four months.

After a short business session, the room count of mothers was announced. The prize of one dollar was presented to Mrs. Shands for having the largest per cent of mothers present.

IN TEXAS 55 YEARS

Monday morning our good friend, L. P. Cozzens of Abilene dropped in for a few minutes chat, and do you know we learn something about our friends every time we talk with them. L. P. has a million dollar smile and no one would take him to be 83 years old. He's as quick as ever and really his health is excellent. He says "you can't always tell." Then he went on and told about coming down from Ohio to Texas and Jones County 55 years ago, and over in the Sinclair community his doctors told him he could not live long. Shucks! The Herald man has known him 23 years, and he is as young as at the beginning. He formerly lived just west of Boyd's Chapel and got rich on selling berries and all kinds of fruits. Mr. Cozzens got a taste of hard life the seven years he worked on the Great Lakes as a sailor. Like most old timers, Mr. Cozzens was born a Republican and will die some day still a Republican. So we must close this scribbling by saying, Come again, Mr. Cozzens, the sailor man.

Hamlin people have caught the Christmas spirit and now they leave the stores loaded with bundles, or they have that satisfied, relieved smile which comes from knowing that Uncle's or somebody else's gift is already put back on the shelf. We've got the spirit but we haven't gotten over the "looking" stage yet. As usual we will wait till the day before Christmas and then rush madly around town trying to do all of our Christmas shopping in an hour or so. Perhaps that isn't the way Emily Post thinks a dignified young lady should shop, but any way it's lots more exciting and loads of fun.

'Tis said, "A rose by any other name would smell as sweet," but sometimes we wonder. This week students in a certain class of our high school were questioning the teacher about a queer shaped little box. He nonchalantly replied that it was only a "tombstone sample," but when the box was accidentally dropped and opened, the students saw the sparkling diamond of an engagement ring and a wedding band. We still wonder about the rose!

Ask a prominent fire insurance man about the fountain pen that will write any color as it was demonstrated in a local jewelry store recently.

What young and popular dry goods manager was seen in a neighboring town "dressed a la Esquire" and looking so smooth that even the most beautiful blond didn't turn his head?

Along the drag: At last Hamlin is catching the Christmas spirit and is getting her Christmas lights up. Red and green are still favored colors of the holiday season, but blue and silver find favor with many of the Hamlin merchants. We notice a cheery Christmas wreath in Dr. Joe McCrary's office window. The Safeway store windows, covered with fluffy snow flakes, display Xmas trees and Xmas "eats". Bryant-Link Co. is the first to have a lovely decorated Christmas tree on the roof of their building. Soft red and green lights attract children and grown-ups to the Toy Town windows of York Variety store. The Magee Beauty Shop window features a decorated tree with blue lights under which are numerous attractive Xmas gifts. The Strauss Dry Goods Company windows have two beautifully decorated trees with a display of gifts. Witt Jewelry window features blue and silver. Blue lights behind blue cellophane wreaths accentuate the shimmering silver background of the jewelry and the Mother-of-Pearl glass display.

No, the two prominent young couples who have been limping and hobbling this week weren't in a brawl. They only went horse-back riding last Sunday.

Here and there: We heard that a recent bride gets up these cold mornings to light the fire while hubby stays in bed. A certain hardware man, known as the town's practical

joker, has been having all kinds of fun with a "home made" snake. He was disappointed when we didn't jump. It's amusing to stand off and observe boys and young men doing their Xmas shopping, especially when they stop at the lingerie counter and, blushing, ask for ladies' unmentionables to fit mom or sis or Sue. A certain beauty operator counts to ten before getting angry—maybe it ought to be twenty. A well-known blond school teacher had a "stiff neck" last week. Ask a sales woman in one of our ready-to-wear shops about her experience Saturday night of waiting on a slightly intoxicated stranger who asked her very personal questions.

What young man of the "frying size" crowd is very interested in a near-by town on the east? Perhaps it isn't the town, but the beautiful girl with the white boots and the gray coat.

FORTY JUNIORS ATTEND

"HUNT" AND PICNIC

Thursday evening, December 2, members of the Junior Class of Hamlin High School were entertained with a "scavenger hunt" and picnic. After meeting at the high school building, the members were divided into seven groups. Each group was given a list of articles to be found and brought to Smith Park near the river by 9:00 P. M.

At the conclusion of the hunt, pork and beans, buns, weiners, pickles, and marshmallows were served and prizes were awarded. First prize went to Dorothy Gardner, Loleta Ubben, Elsie Mitchiner, Dorothy and Valeta Crow, and Mr. and Mrs. Calhoun. Second prize was given to Mildred Barrow, Clara Louise Shel-

burne, Rosemary Carlton, Anna Mae Calhoun and Charles Prater.

Forty class members attended. Chaperones were Mr. and Mrs. Bill Calhoun, class father and mother, Miss Ann Hudson, and Miss Doris Pope, class sponsor.

McCAULEY MATTERS

By JOHN P. HARDESTY

Moving seems to be the order of the day in McCauley since the Santa Fe Railway Company has consolidated the McCauley section with that of Hamlin. The family of Mr. Greenfield has moved back to Detroit. Mr. Jones and family have moved to Hamlin. Likewise, Mr. Stone and family have moved to Hamlin, while Wesley Akins and family have moved to Benjamin. Mrs. Mills and Dorothy are moving on to Crowell to make their home. Mrs. J. C. George is on the sick list this week.

Mr. E. T. Powers, Rotan school principal, and wife visited Mr. and Mrs. H. P. Powers Sunday afternoon. The Hardin-Simmons University Homecoming and the Howard-Payne HSU ball game were attended by the following McCauley people Saturday: Miss Kenna Rector, Mr. and Mrs. H. P. Powers, John Hardesty, Jr., D. L. Smith, and Ernest Webb. "The Old Crab" will make his debut in the High School auditorium, Friday, December 17, at 7:30. This is the annual senior play, which includes the following cast: Adam Apple, Ollie Ray Hennington; Henrietta Apple, Louella Rogers; Jonathan Apple, L. C. The McCauley high school basketball teams played the Sylvester teams on our home court Friday afternoon. Results, for the boys, were: 18 to 8, McCauley, and, for the girls: 20 to 6, McCauley.

HEALTH ADVICE

By GEO. W. COX, M. D.,
State Health Officer

AUSTIN, Dec. 9.—"It is a great mistake to treat even light cases of measles, chickenpox, mumps, scarlet fever, or any other of the communicable diseases of childhood as though they did not amount to much," states Dr. Geo. W. Cox, State Health Officer. "Treatment of that sort makes it possible for the diseases to spread and cause serious outbreaks among children whose impaired resistance makes them easy victims to any form of infection."

"Some of the most serious outbreaks we have had of scarlet fever, as well as of other diseases in different parts of the State, have been traced to mild cases—that is, to cases too light for the doctor to be called. In some instances the children have continued to go to school and to associate and play with other children. In others, after they have been kept at home for a few days suffering from what was believed to be just an ordinary cold, they have returned to school and have scattered these germs around among their schoolmates. Eventually a group of cases—sometimes very serious ones—have developed from the carelessly-handled mild cases. The result was another epidemic that could have been prevented."

"There are several things worth remembering in connection with children's diseases. Nearly all of these diseases begin with a digestive upset or with symptoms closely resembling those of the common cold. Accordingly, it is a wise thing for mothers to regard every digestive upset and every common cold with suspicion until you are sure it is not the beginning of something more serious."

Your doctor is the best judge of the seriousness of such symptoms, and you will save suffering and anxiety if you put the child to bed, send for your doctor and follow his advice.

A GLOVE. Yes a nice black glove from a certain hand of a good looking woman (perhaps) was found on Hamlin's busy sidewalks down town last Saturday. This is what a certain prominent wheat farmer tells his wife. Anyway, the lady may have the glove if she calls at the Herald office and presents the other glove to match. Sure, it's a good glove. Come right in for it, even though the finder's wife doubts the story of "finding" it.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)
